### **State regulators from New Hampshire and 43 other states settle with ACI Payments, Inc. for unauthorized transactions from Mr. Cooper accounts**

*State regulators and state attorneys general levy combined fines of \$20 million for data misuse impacting 480,000 consumers nationwide*

**CONCORD, NH** – The New Hampshire Banking Department and 43 other state financial agencies have reached settlements with ACI Payments, Inc., for erroneously initiating electronic transactions totaling \$2.3 billion from the accounts of 480,000 mortgage-holders serviced by Mr. Cooper (formerly known as Nationstar Mortgage, LLC). State regulators levied \$10 million in fines through a multistate enforcement action led by regulators from Arkansas, Connecticut, Maryland and Texas with support from the Conference of State Bank Supervisors. Additionally, 50 state attorneys general, including the attorney general of New Hampshire, levied \$10 million in fines to ACI, in coordination with state regulators.

ACI Payments, a subsidiary of ACI Worldwide Corp., is a state-regulated money services business licensed in New Hampshire and nearly all other U.S. states (NMLS ID 936777). Mr. Cooper offered ACI's Speedpay product for its customers to schedule their monthly mortgage payments, enabling automatic transfers of authorized mortgage payments from their personal bank accounts to Mr. Cooper. The violations occurred when ACI Payments erroneously used live customer data in a test of its Speedpay platform, causing unexpected and sometimes multiple mortgage payments from customer accounts. In some cases, these transactions exposed consumers to overdraft or insufficient funds fees.

“This multi-state enforcement action demonstrates the importance of the state regulatory system and how it acts to protect New Hampshire consumers,” said New Hampshire Banking Department Commissioner Emelia A.S. Galdieri. “Coordination among the states was key to resolving this matter effectively and efficiently.”

Upon notification of the incident from ACI Payments, state regulators commenced a multistate money transmission investigation reviewing all aspects of the event, including investigating the facts and circumstances surrounding the erroneous transactions, evaluating consumer impact, analyzing the root cause of the incident, and evaluating the remedial steps taken by the company.

This enforcement action orders the following of ACI Payments, Inc.:

- **Risk and Compliance Programs** – Maintain a comprehensive Enterprise Risk Management Program and a Third-Party Risk Management Program tailored to the nature, size, complexity and risk profile of ACI.
- **Agreement Monitoring** – Regular reporting (for two years) to a state regulator monitoring committee to ensure both the adequacy of the risk management programs and compliance with the order.
- **Administrative Costs and Penalties** – Payment of \$10 million in fines for administrative costs and penalties.

State financial regulators license and supervise more than 33,000 nonbank financial services companies through the Nationwide Multistate Licensing System (NMLS), including mortgage companies, money services businesses,

consumer finance providers and debt collectors. New Hampshire consumers can submit complaints about non-bank financial services companies by visiting [www.banking.nh.gov](http://www.banking.nh.gov) and clicking on the “File a complaint” button on the home page. Consumers can also verify that a company is licensed to do business in their state, and view past enforcement actions, by visiting [NMLS Consumer Access](#).
