His Excellency, Governor Christopher T. Sununu
And the Honorable Council
State House
Concord, New Hampshire 03301

Dear Governor Sununu and Council:

I am pleased to present to you this 177th Annual Report of the Bank Commissioner. As required by RSA 383:15, this report contains background information on each entity under the supervision of the Banking Department, lists the significant events and issues we addressed during the year, and highlights important statistics and trends regarding the industries regulated by the department.

The state-chartered banks and credit unions under Banking Department jurisdiction are well-capitalized and well-run. The state-chartered non-depository trust companies continue to grow in number and in size with Assets Under Administration by this sector surpassing the \$1 trillion mark. The numerous types of non-bank financial service providers also continue to grow. As a group, the entities under Department jurisdiction continue to meet the needs of New Hampshire families and businesses with competitively priced products and services, while metrics maintained by the department show that throughout the recent pandemic our well-trained staff continued to meet statutory requirements for conducting regular safety and soundness examinations designed to assure the financial security of New Hampshire citizens.

Over the year the department has engaged with applicants interested in using a New Hampshire mutual savings bank charter (the first such application received since the early 1900s), to provide support to the growing local agricultural market in the Northeastern United States. Other conversations focused on using the New Hampshire trust charter to provide cryptocurrency services to individuals around the world. We anticipate growing interest in New Hampshire from similar entities in the coming years.

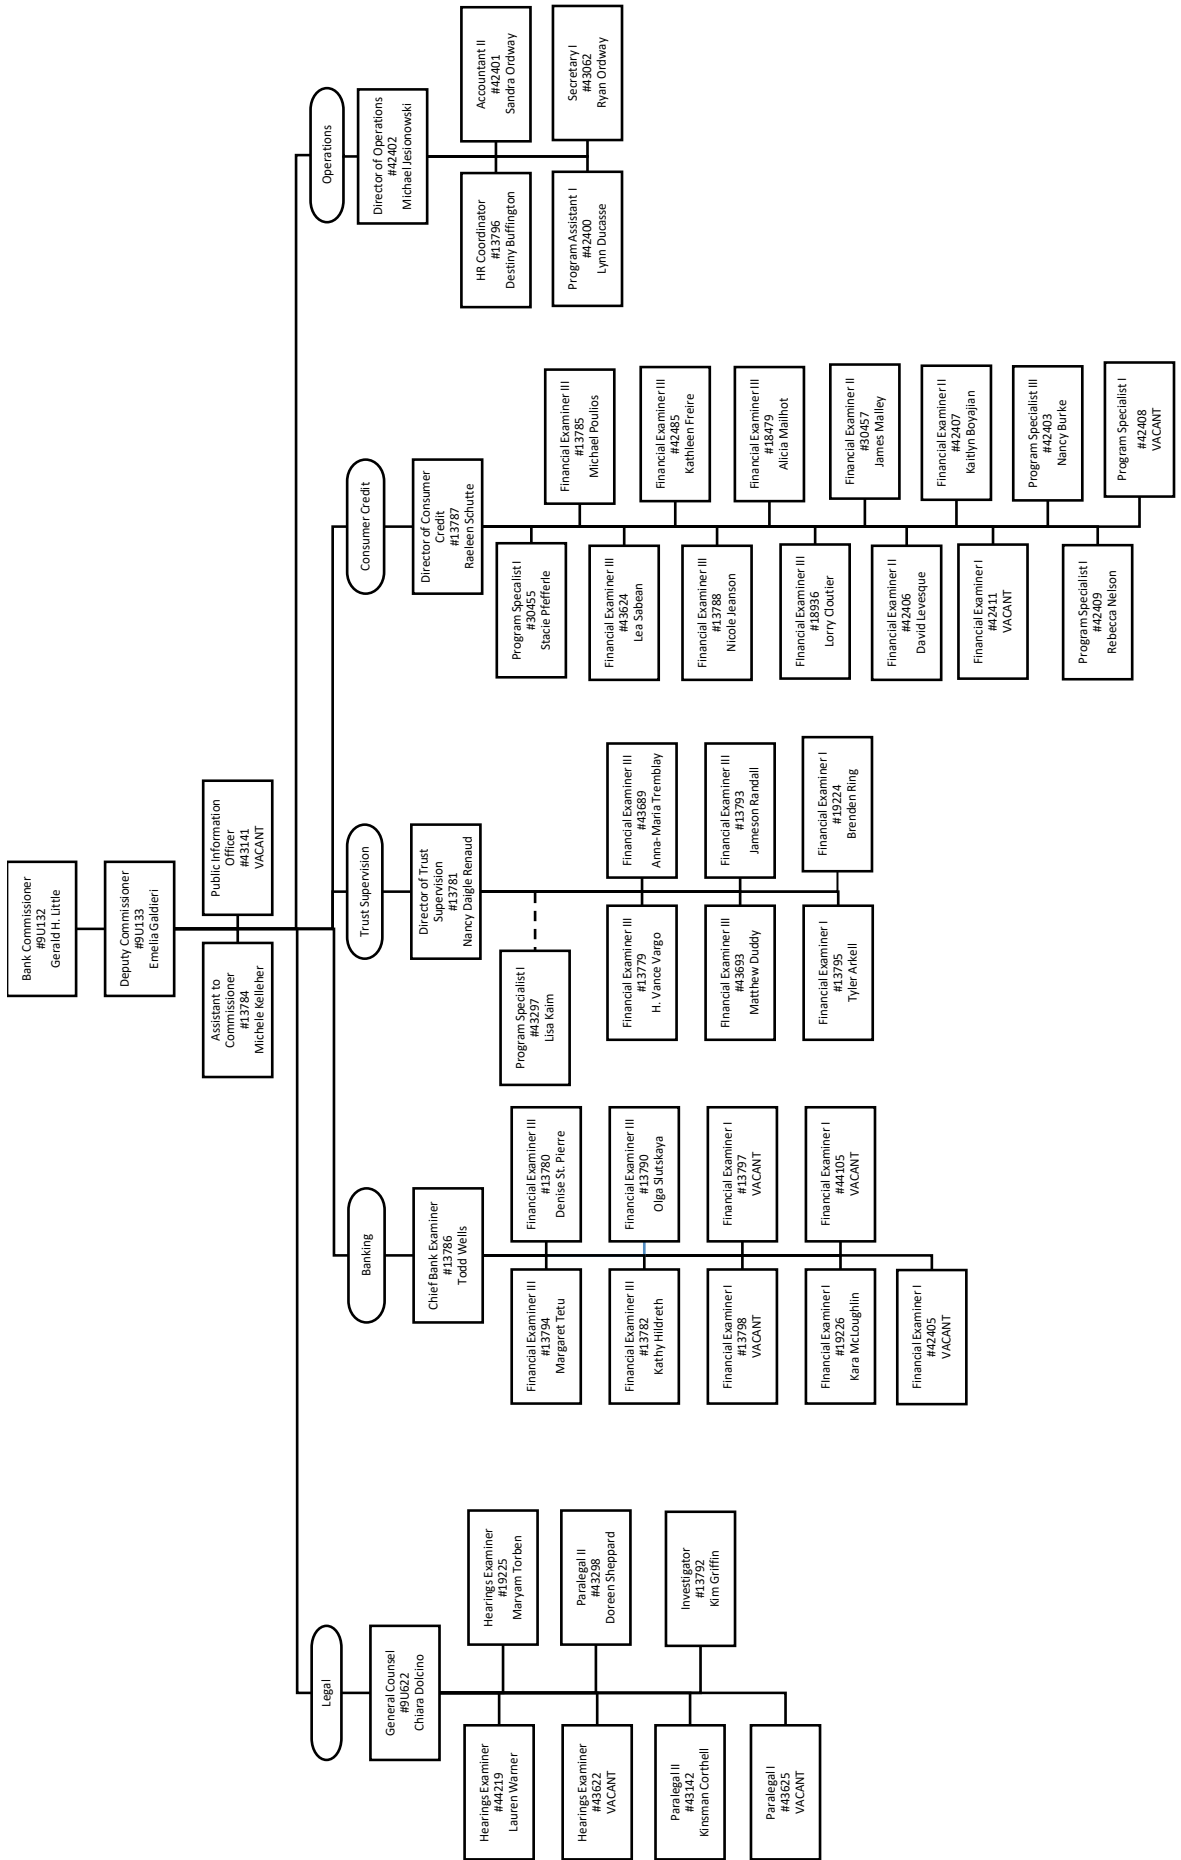

Making all of this possible is the highly professional staff of the New Hampshire Banking Department and our partners in other agencies like the Department of Information Technology and the Department of Administrative Services who skillfully adapted communication, examination, consumer complaint investigation, legal review and human resources practices to enable much of the work this year to be completed remotely. The intent was to assure health and safety in the age of COVID-19, but it has become apparent that an added benefit is a streamlined and more efficient Banking Department. We will work to assure that these positive trends continue.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "G. Little".

Gerald H. Little
Commissioner

NEW HAMPSHIRE BANKING DEPARTMENT Organizational Chart

Foreword

The one hundred seventy-seventh annual report of the Bank Commissioner contains management, financial information and locations of banks, credit unions, and other financial institutions operating under state charter. This report also contains information concerning debt adjusters, money transmitters, mortgage bankers and brokers, mortgage servicers, retail sellers, sales finance companies, and small loan lenders.

Mission Statement

The New Hampshire Banking Department is committed to protecting the public's interest through the professional supervision of the financial services it regulates.

Functions of the Banking Department

The Bank Commissioner is responsible for the general supervision of all New Hampshire chartered and licensed financial institutions through the operation of the New Hampshire Banking Department. The Banking Department contains five divisions: Banking, Trust Supervision, Consumer Credit, Legal, and Operations.

The Banking and Trust Supervision Divisions charter, supervise, and examine all state-chartered banks, credit unions, trust companies, and family trust companies in New Hampshire.

The Consumer Credit Division licenses, examines, and regulates companies that provide consumer credit, such as mortgage bankers, mortgage brokers, mortgage servicers, retail auto sellers, sales finance companies, money transmitters, debt adjusters, and small loan lenders.

Working in conjunction with the Banking, Trust Supervision, and Consumer Credit Divisions, the Legal Division investigates consumer complaints and unlicensed or unchartered activity. The Legal Division may commence enforcement actions against financial entities that violate state or federal laws or regulations. The Bank Commissioner has the authority to order consumer restitution as part of those enforcement actions.

The Operations Division supports the daily functions of the Banking Department.

Legislation Enacted by the 2021 Session of the Legislature

Bill No.	Description	Affected Statute
HB 312	The Department requested this bill. HB 312 clarifies and extends deadlines in consumer credit examinations applicable to certain entities licensed by the banking department. Clarifies the home state licensing requirement for mortgage loan originators. Provides that family trust companies may be examined more frequently than every 36 months if the Commissioner deems it necessary. Clarifies that depository banks may elect RSA 293-C benefit corporation status. Establishes requirements applicable to credit union boards who delegate to committees. Adjusts restrictions on loans and other financial transactions that disqualify the Commissioner or deputy commissioner from serving in his or her role. Enacted. Effective July 24, 2021. * On November 4, 2019, the federal banking agencies jointly issued a final rule that provides for an optional, simplified measure of capital adequacy, the community bank leverage ratio (CBLR) framework, for qualifying community banking organizations, consistent with Section 201 of the Economic Growth, Regulatory Relief, and Consumer Protection Act. The CBLR final rule effective on January 1, 2020 allows qualifying community banking organizations having less than \$10 Billion in total consolidated assets to calculate a leverage ratio to measure capital adequacy. Banks opting into the CBLR framework will not be required to calculate or report risk-based capital. The CBLR banks shall meet the criteria of a leverage ratio >9%, off-balance sheet exposures of ≤25% of total consolidated assets, trading assets/liabilities ≤5% of total consolidated assets, and cannot be an advanced approaches bank (>\$250 Billion in consolidated assets or balance sheet exposure >\$10 Billion). A CBLR bank may opt out of the framework (without restriction). A CBLR bank that ceases to meet any qualifying criteria in a future period and that has a leverage ratio >8% will be allowed a grace period of two reporting periods to satisfy the CBLR qualifying criteria. Refer to FIL-66-2019 November 4, 2019 for details.

On April 6, 2020, the federal banking agencies announced the issuance of two interim final rules to provide temporary relief to community banking organizations. The agencies are acting to implement Section 4012 of the Coronavirus Aid, Relief, and Economic Security Act, which requires the agencies to temporarily lower the CBLR to 8%. Under the interim final rules, the CBLR will be 8% beginning in the second quarter and for the remainder of calendar year 2020, 8.5% for calendar year 2021, and 9% thereafter. There is a two-quarter grace period for a qualifying community organization whose leverage ratio falls no more than 1% below the applicable CBLR.
